## PERFECTION IN EVERY GLASS

Lyons Brand Iced Tea Concentrate pours perfect iced tea in every glass. Customers will crave its summertime taste and sun-kissed color year-round.

This liquid premium iced tea is made from top-quality leaves, featuring perfect clarity, consistent flavor and an appealing aroma. Because the tea is decaffeinated, it's also ideal for healthcare facilities.

### EASY DISPENSING

Dispensing product is a breeze. User-friendly equipment and service are provided to qualifying accounts. A water connection is all that's needed. An electrical connection isn't required, which results in savings for the operator. Simply top load one of the 1.5-gallon bags, attach the QCD (Quick Connect Disconnect), pull the dispenser handle and serve. The dispenser requires only minimal cleaning and there's no down time for brewing. The equipment's sleek on-demand design allows customers to fill one refreshing glass or pitcher at a time with zero waste.

### NATURAL GOODNESS

Lyons Brand Iced Tea Concentrate is available both sweetened and unsweetened with a recommended mix ratio of 15 + 1. The sweetened iced tea contains only natural pure cane sugar for just the right amount of sweetness in every sip.
