

DRESSING UP DESSERTS JUST GOT EASIER

Lyons is now offering toppings, sauces and syrups in 48 oz. shelf stable pouches providing efficient and convenient handling for multiple foodservice operations.

Our commitment to advanced processing, innovative packaging, and offering premium products.

Lyons has added yet another packaging option to the line-up! The sanitary, airtight pouches provide the operator with safe handling conditions and are convenient to open, easy to dispense and reheat.

Lyons pouch product offering will include some of our most popular flavors; Fountain Supreme Chocolate Syrup, Safari Chocolate Syrup, Mellow Fudge Topping, Caramel Topping, Sliced Strawberry and Pineapple Toppings with more to come!

Operator Benefits

Pouch toppings offer virtually 100% yield resulting in less waste and more money to the operators bottom line. The flexible pouches occupy 40% less space for more efficient storage and are recyclable producing less solid waste than other packaging. This in turn lowers waste disposal expenses, helps the environment and operator costs.

Advantages of Pouches with Fitments:

- Cleanliness – outside of pump and dispensing unit remains clean at all times
- Increased Product Yield – Fitment inside increases evacuation with nearly 100% product usage
- Sanitation – closed sanitary system reduces product waste, contamination and degradation
- Portion Control – adjustable portion increments from 1/8 oz. (3.7 ml) to 1 oz. (30 ml)
- Heated Products – no water bath required

Pouch Dispensing Options: *with and without fitments*

- Variety of closed sanitary systems for heated and ambient products
- Traditional heated sauce warmers - inexpensive conversion kits available to accommodate pouches
- Pouch specific sauce warmers dispense from one or two 48 oz. pouch while pre-heating “back-up” product
