### Aseptic "Flash" Processing

FlashPak™ features a proprietary aseptic process, resulting in the highest quality shelf-stable juice in the dispensed industry.

Flash heating and cooling ensures:

- Fresh flavor
- Bright color
- No preservatives

### Bag-In-Box Packaging

The FlashPak™ flexible bag with superior barrier properties compared to plastic bottles, contributes to the superior quality of the juice you'll serve, providing:

- Premium quality
- Extended shelf life

### Dispensing Convenience

FlashPak™ features all of the benefits of a shelf-stable container:

- No thawing is required
- Compatible with all standard, front-load juice dispensers
- No risk of spillage

**Lyons Beverage Systems** - A complete three part program that includes high quality products, reliable/ user-friendly equipment, and a courteous and professional service team.
